- You may notice a higher supply charge on your electric bill this month. That's because the cost of electricity on the wholesale market has gone up - ComEd purchases this electricity and passes the cost to customers with no markup. If you get your electricity supply from ComEd, the increase will appear under the "Electricity Supply Charge" or "Capacity Charge" on your bill. If you have a different electricity supplier, the impact may vary depending on your agreement with them. While ComEd can't control this supply charge increase, we want to support you with tips and resources to help control your energy use and manage your monthly bills. To learn more, visit [ComEd.com/BillSupport](http://ComEd.com/BillSupport).
- **PROTECT YOURSELF AGAINST SCAMS:** Mobile-pay apps like QuickPay, Zelle and Venmo have higher transfer limits and are often linked to your personal bank account or credit card. Imposters use these features to scam you out of larger amounts of money. We have tips and hints to help you recognize potential scams and legitimate ComEd employees. Learn more: [ComEd.Com/ScamAlert](http://ComEd.Com/ScamAlert)
- **MYLAR BALLOONS & POWER LINES DON'T MIX!** Every year, thousands of northern Illinois families and businesses are impacted when foil or Mylar balloons touch a power line and cause power surges or service interruptions. Keep balloons tied securely while outside! If you see a balloon, or any object, caught in a power line, do not attempt to retrieve it. Call ComEd at 1-800-EDISON-1.
